

Independent Schools Governance Workshops

Governance workshops cover a range of Governance topics and can be designed specifically to educate and assist your school board. The workshops are regularly updated in response to changes in legislation and regulations, improvements in recognised best practice and the changing needs of independent schools.

The purpose of the workshops is:

- to raise governors' awareness of their legal obligations as directors of public companies
- to examine the relationships between the school board, the chair of the board, the head of the school and the business manager
- to promote best practice in the governance of independent schools.

The AIS Governance workshops are a key element in the provision of high quality, proactive support to member independent schools. Workshops can be customised to meet the specific needs of individual school boards.

The structure of the program is divided into two sessions, which can be chosen from the options on the reverse of this leaflet.

For any enquiries or to schedule a Governance Workshop for your school board, please contact Brittney Unicomb at bunicomb@aisnsw.edu.au or phone 02 9299 2845.

Completing the Independent Schools Governance Workshops will contribute towards NSW Education Standards Authority (NESA) Registration and Accreditation Standards addressing 3.9.3.4 of the NESA Registered and Accredited Individual Non-Government Schools (NSW) Manual.

Sessions

For the school's convenience Governance Workshops are conducted at the school. The program is complimentary to member schools as part of the school's membership subscription.

Session One: Current Issues for the Independent Sector
