

Growing Evidence Informed Practice

An initiative developed by The Evidence Institute in collaboration with the University of Sydney's Centre for Educational Measurement and Assessment.

Growing Evidence Informed Practice is a 12-week (20 hour) blended learning experience where participants engage in a series of webinars and self-paced learning.

Structured in three phases, participation aims to enhance knowledge, skills and confidence in understanding, gathering and using evidence, assessment and data in support of student learning and wellbeing.

TWO OPPORTUNITIES AVAILABLE FOR 2022

14 March - 16 June

OR

25 July - 27 October

The entire learning experience is delivered via an online platform, enabling participants to engage with experts, and other teachers and leaders across all career stages and contexts.

Testimonials

"I've gained so much insight from completing this course. It has gifted me with the understanding and tools I need to make me a more effective teacher."

- Karen, Secondary Maths Teacher, Casino Christian School

"Thanks for putting together such an engaging and user-friendly PD course. I really appreciated the quality of resources and the self-paced component."

- Julian, Primary Teacher, Northern Beaches Christian School

"Thank you for the support and guidance through this course - it has helped to clarify how evidence is used for me and also been valuable in guiding us through an important question which we have collaborated to investigate."

- Andrew, Director of PL & Accreditation, Norwest Christian College

"It's been a really engaging and thought-provoking experience, and it's nice to have some momentum established already as a result of the final project."

- Garrett, Secondary Teacher, St Stanislaus' College
