

Be You Bushfire Response Program

Schools are allocated a Be You Bushfire Recovery Consultant who can support through:

- Organising individual consults to discuss a school's unique needs, identify existing strengths and support gaps.
- Delivering staff wellbeing workshops, trauma informed and mental health education sessions for staff (see graphic above)
- Coordinating headspace Schools suite of activities and other relevant mental health services to support recovery for students, parents/carers and staff that are most appropriate for your school.
- Work with school's executive to develop a community led recovery plan that includes strategies for all groups to support long-term wellbeing and reduce impact of mental health concerns.
