Developed a stronger understanding and support of wellbeing protective factors across your school community.

As a result of participating, your school will have:

- Improved access to evidence-based wellbeing resources for staff, students and families.
- A clearly articulated wellbeing vision, approach and framework that is unique to your school's community and can be celebrated and showcased.
- Increased capacity to develop and lead a strengthened whole-school approach to wellbeing.
- Developed a stronger understanding and support of wellbeing protective factors across your school community.
- Embedded processes for review and evaluation to ensure ongoing relevance and sustainability.
- Established supportive relationships with AISNSW wellbeing consultants and other independent schools.
