

AIS ICT 23

Who should attend?

- ICT Managers
- ICT Technicians
- ICT Support and Helpdesk staff
- ICT AV Technicians
- ICT Integrators
- ICT Educators

Why you should attend?

This is a valuable and accessible investment in your learning. Learning new skills, developing your understanding about important issues related to schools, creating and building networks, seeing the latest innovations in education and building competence in a range of technical hardware and software systems. Attend sessions from schools, for schools.

Included in the conference?

- School visits to a range of exemplary independent schools. See and experience firsthand what and how other schools are supporting and growing teaching and learning through ICT.
- Extensive workshops developing a range of skills in specific technologies.
- Hear keynotes from leading presenters as they share insights into technology and learning and challenge current thinking.
- Engage in a range of bespoke sessions covering school life and management via workshops and presentations from experts and peers.
- Share experiences and network with over 350 of your peers from independent schools across Australia. This is a second-to-none networking opportunity.
- Examine educational technology solutions with key vendors. Communicate your successes, discuss your challenges and offer your ideas.
- Tailor the conference to meet your needs. Choose workshops from any of 4 streams (Leadership, Technical, Education and Audio-Visual)
- Discuss critical success factors and innovative practices with your peers.

Professional Standards addressed in this conference suitable for Elective Professional Development

- 3.4.3 Assist colleagues to create, select and use a wide range of resources, including ICT, to engage students in their learning.
- 4.4.3 Initiate and take responsibility for implementing current school and/or system, curriculum and legislative requirements to ensure student wellbeing and safety.
- 4.5.3 Model, and support colleagues to develop, strategies to promote the safe, responsible and ethical use of ICT in learning and teaching.
