# Perspectives Suite of Survey

Perspectives

Introducing the *Perspectives Suite of Surveys*: robust, evidence-informed tools for capturing the unique voices of students, staff, and parents. Gather insights to guide improvements, celebrate achievements, and strategically shape your school's future.

## Perspectives Your School in Focus

Understanding your school's unique environment is essential for effective planning and improvement. This survey gathers perspectives across five key domains:

- School Environment
- Leadership
- Teaching and Learning
- Community
- Student Wellbeing

Collect insights from students, staff, and parents to gain a comprehensive understanding of your school's strengths and areas for development. Use the data to guide strategic planning, foster community engagement, and inform actionable steps for growth.

*This survey is designed to include all school stakeholders, with domain-specific questions tailored to each group's unique perspectives.*

## Perspectives Staff Wellbeing

Understanding staff wellbeing is key to supporting a positive and productive workplace. This survey helps you assess areas crucial to staff satisfaction and retention, including:

- Supportive relationships and sense of belonging
- Purpose and autonomy in roles
- Resilience and coping strategies
- Psychological and physiological wellbeing

Using this data, school leaders can develop targeted initiatives to enhance staff wellbeing, support recruitment and retention, and foster a positive work culture.

*This survey provides evidence-informed data on staff needs, with insights to guide planning and professional development.*

## Perspectives Graduating Year 12

Capture the reflections of Year 12 students and their parents about their schooling experience. This survey provides unique insights into:

- Academic and personal growth during their time at the school
- Preparation for post-school pathways
- Overall satisfaction with the school environment
- Areas for improvement to support future students

With this feedback, school leaders can celebrate achievements and identify further opportunities to support future graduating classes.

*This survey targets graduating students and parents, with questions that offer a comprehensive view of their experiences and perceptions.*

## Testimonials

“

...In 2022, we used the full suite of AISNSW Perspectives surveys in order to inform and guide our decision making... The support of the team from AISNSW was invaluable, particularly in the ability to track our results against the aggregated data for other independent schools.

”

**Dr Vittoria Lavorato |  
Principal, St Patrick's College  
Strathfield**

“

The AISNSW Perspectives: Your school in focus survey has been an incredibly useful tool across the St Philip's Christian Colleges over the past few years, and we look forward to participation again. Each of our schools receive their specific report and the individual data interpretation sessions, a great value-add and inform their annual evaluation and goal-setting process... I commend the AISNSW staff for their ongoing dedication to the process and our schools.

”

**Graeme Evans | Deputy Chief Executive  
Officer, St Philip's Christian Colleges**
