1. Overview

National School Chaplaincy Program (NSCP)

The NSCP is an initiative funded by the Commonwealth Government to provide chaplaincy services in government, Catholic and independent schools throughout Australia.

The NSW Government has been administering the NSCP on behalf of the Commonwealth Government since 2015.

The purpose of the NSCP is to support the wellbeing of Australian school students through the provision of pastoral care services and strategies to support the wellbeing of the broader school community, such as volunteering activities, breakfast clubs, excursions, lunchtime activities and parent/carer workshops.

Participation in the NSCP is voluntary for schools and students.

NSW arrangements for 2020-2022

The NSW arrangements are as follows:

- There will be one application round for the 2020-2022 calendar years. Schools approved to participate will be funded for three years.
- Schools will be eligible for up to \$20,280 per annum, or up to \$24,336 per annum for remote or very remote schools. Funding will go directly to schools. School funding allocations will be determined by sector authorities, based on the number of chaplaincy hours to be provided and the overall funding available.
- Where a school sources a chaplain through a provider, the school may select a provider that best meets its needs. Schools not required to select a provider from a pre-approved list must ensure that providers meet the criteria for engaging chaplains (see Section 4. Criteria for Engaging Chaplains within this document).
- As there is limited funding available, sector authorities will prioritise schools for participation based on an assessment of school applications against the common conditions and core criteria applying to all schools, as well as against any sector-specific criteria.
- It is a Commonwealth Government requirement that funding is only available for school chaplains. Schools may not use NSCP funding for secular student welfare positions.

2. Guidelines

This entire document should be read in conjunction with the Project Agreement for the NSCP in 2019-2022, available online at http://www.federalfinancialrelations.gov.au/content/npa/education/project-agreement/National_School_Chaplaincy_Program-3.pdf. The Project Agreement is created subject to the Intergovernmental Agreement on Federal Financial Relations.

Application process for 2020-2022

Each sector will assess its school applications and forward their proposed list of participating schools to the NSW Chaplaincy Program Committee (the Committee), which is a cross-sector panel comprised of senior representatives from the NSW Department of Education, the Association of Independent Schools of NSW Ltd, and Catholic Schools NSW Ltd.

The Committee will make recommendations to The Hon. Sarah Mitchell, Minister for Education and Early Childhood Learning about schools' participation in the NSCP and funding allocations.

Each sector will manage its own assessment process. This includes developing sector-specific application forms and setting the opening and closing dates for applications. It is anticipated that school applications will open on Friday 23 August 2019. Schools will be informed in Term 4, 2019 whether they have been selected for funding for 2020-2022.

If you have any questions about NSCP requirements, please contact Wendy Godden at wgodden@aisnsw.edu.au or Michelle Hayman at mhayman@aisnsw.edu.au or on telephone number (02) 9299 2845.

Funding arrangements

The NSW Department of Education, through funding agreements, will provide funding to the sectors for allocation to individual schools.

Successful schools will be eligible for up to \$20,280 annually, or up to \$24,336 annually for remote and very remote schools as defined by the Accessibility/Remoteness Index of Australia Plus (ARIA+) (see <https://www.adelaide.edu.au/hugo-centre/services/aria>).

The level of individual school funding will be determined by the relevant sector authority and will be a pro-rata amount based on the hours of chaplaincy services provided.

Schools receiving maximum funding will be expected to provide the maximum 400 hours of chaplaincy services per annum.

Multi-campus schools may be eligible to receive funding for up to a maximum of three chaplains across all campuses. However, the campuses must be geographically separated and have separate Commonwealth campus numbers. The number of chaplains must not exceed the number of campuses. Each campus is required to submit its own application and each application will be separately assessed by the sector authority.

As a condition of funding, successful schools will be required to participate in reporting and evaluation activities required under the Project Agreement, as requested by the sector authority.

A minimum requirement will be for schools to:

- confirm that a chaplain is attached to the school

Guidelines on NSW Arrangements for 2020-2022

- provide a report on the number of funded NSCP hours received over the course of the year
- provide a financial acquittal at the end of the school year.

Alternatively, a school may elect to appoint a chaplain via a different provider or engage another chaplain directly, rather than being required to use the same provider.

Conduct of chaplains

Chaplains must comply with all relevant legal and policy requirements when operating in NSW schools. This includes meeting child protection and reporting obligations, as well as complying with relevant school policies, such as privacy, complaints and information management policies.

Sector-specific arrangements

There are no sector specific criteria for NSW independent schools. The NSW Government Guidelines will apply.

5. Professional Learning for Chaplains

As part of the Project Agreement for the NSCP, NSCP funded chaplains are to complete a three-hour online professional learning package (PLP) aimed at responding to and preventing cyberbullying. The PLP, developed and delivered by the Office of the eSafety Commissioner, will be available to NSCP school chaplains from July 2019, for a period of 18 months.

NSCP funded chaplains can register for the training now at <https://esafety.gov.au/nscpchaplain>.

NSCP funded chaplains will be required to provide their professional learning Certificate of Completion to their employers. Schools can request a copy of the Certificate. Employers may also be asked to provide a copy of the Certificate to AISNSW to assist with meeting the requirements of the NSCP Project Agreement.

Further information on the PLP and Frequently Asked Questions are available at <https://www.education.gov.au/national-school-chaplaincy-program>.

Can my school receive funding for a secular student welfare worker instead of, or as well as, a chaplain under the NSCP?	No. The NSCP will only provide funding for chaplains.
Is participation in the NSCP compulsory?	No. Participation in the NSCP is voluntary for schools and for students.
Do I need to consult with parents before appointing a chaplain?	Yes. Schools need to consult with their school community about possible plans for engaging a chaplain. Schools recommended for participation in the NSCP will need to hold evidence that the school community has been consulted.
For how many years will funding be available for a school chaplain?	The current application round will be for the 2020-2022 calendar years. Successful schools will be funded for the three years.
