

Unlock your research capacity

The Evidence Institute provides a range of courses, events and resources to support your research journey.

OPTION 01

Explore research essentials

Complete online self-paced courses which are available at no-cost for members:

- **Getting ready for robust research**
- **Designing surveys that work**
- **Conducting interviews and focus groups**
- **Making your numerical data work** (NESA Accredited)
- **Moving beyond numbers: Using qualitative data**

OPTION 02

Join a research community

- **Education Research Connections guest lecture series**
1 afternoon per term
- **Education Research Symposium**
Annual 2 day conference

OPTION 03

Participate in NESA accredited courses

- **Getting to know your students through data**
1 day face-to-face course – targeted for teachers
- **School data: Telling the story**
1 day face-to-face course – targeted for leaders
- **Growing Evidence Informed Practice**
12 week hybrid course – suitable for teachers and leaders

OPTION 05

Conduct a research project

The Evidence Institute can work with you, or facilitate relationships with universities, enabling you to conduct rigorous research projects.

OPTION 04

Be guided through a year long research project

- **Teacher Inquiry for Teaching Practice**
1 session per term (3 in-person, 1 online), with ongoing support and feedback throughout the journey. Available either in-person at AISNSW or at your school for 5 or more teachers.
